Choose session and program by checking appropriate box:

**Week 1: June 12 - 16/STEAM-Oceans**

This week students will travel under the sea and learn all about the ecosystems and animals that live there. Our experiments will help us understand how sharks float, how fish breathe, how echolocation works, and much more!

AM    PM    FD    ED

**Week 2: June 19 - 23/Agriculture in the Classroom**

Children will be introduced to the world of growing, harvesting and understanding all that is involved in the agriculture around us. Exciting, daily hands-on sessions will be an important part of this week!

AM    PM    FD    ED

**Week 3: June 26 - 30/STEAM-Our Earth**

This week is all about the Earth! We will conduct experiments that show how the Earth changes over time. These experiments will help us learn about earthquakes, volcanoes, fossils, weather, and more!

AM    PM    FD    ED

**Week 4: July 3 - July 7/Art with Ms. Angela**

Fantastic beasts with unusual abilities...superhuman powers that defy expectation... journey to magical places and create your own adventure. (No camp on 07/04)

AM    PM    FD    ED

**Week 5: July 10 - 14/STEAM-Mad Science**

This week students will become “mad scientists” conducting chemistry experiments and learn about all things that fiz, bubble, and bang. Students will get hands on this week with different projects that show how different substances work together!

AM    PM    FD    ED

**Week 6: July 17 - 21/What’s the “MATTER”?**

Children will use their scientist skills to conduct experiments using the three types of matter: solid, liquid and gas. Exploring all that science has to offer will surely create lasting memories for all students.

AM    PM    FD    ED

**Week 7: July 24 - 28/STEAM-3..2..1..BUILD!**

Students will explore the great world of architecture this week. It will be full of individual challenges for students to meet, as well as large group activities where students will learn about different types of buildings, materials, and structures.

AM    PM    FD    ED

**Week 8: July 31 - August 4/Around the World in 5 Days**

Join us as we travel around the world in five days. Each day we will visit and learn about a new culture. We will learn about the people, environment, architecture, and cuisine from five exciting cultures.
